Featuring Kenny Putnam, Chris Gage, Boyd Bristow, Lloyd Maines, Christine Albert, Charley Smith and more!!!

If you're from South Dakota, you've grown up listening to the songs of Tom Peterson. Every band that came from the area had a song or two of Tom's in their repertoire. In fact, he's a member of the SD Rock and Roll Hall of Fame!

Dancers' feet would swing and fly to Red Willow Band's version of "Magic Bird" or "Hell or High Water", Blueberry Buckle's "Crispy Friends" or "City Song" and others.

Until now, Tom hasn't released his own album, even though his voice is the perfect medium for his message. Listen to "Broken Heart of Mine" and you'll see what we mean.

a picturesque journey through the prairie on the wheels of a diverse wagonload of country, folk, swing and Americana...

Black Hills Gold refers to tri-colored gold jewelry that many South Dakotans wear proudly. Tom Peterson's music is also Black Hills Gold, mined from the heart and soul of the prairie.
